

Health Care and Life Science Internship

A springboard to an exciting career within management consulting

About the internship

Arthur D. Little is currently accepting applications for fall internships at our Stockholm office lasting between 2 and 6 months.

As an intern, you will work as a junior team member in client assignments within Health Care and Life Science (depending on assignment availability). Successful candidates possess sharp analytical skills, creativity, drive, and excellent communication skills – in Swedish as well as English, along with a good team spirit. Furthermore, you should have a strong academic background and competence within Health Care and Life Science.

Arthur D. Little is a global management consulting firm supporting leading corporations and organizations to link strategy, technology, and innovation. Arthur D. Little was founded in 1886, and currently has 32 offices worldwide with approximately 50 professionals in Stockholm, Gothenburg, and Oslo. Arthur D. Little works within all major industries and has outstanding expertise within Health Care and Life Science.

How to apply

The application should include the following:

- CV
- Cover letter including preferences regarding timing of internship
- Grades from university
- Grades from upper secondary school

Please write your application in English and send it no later than **April 20th, 2017** to: nordic.recruitment@adlittle.com (mark your e-mail "Internship").

If you have any questions please contact:

Tove Kjellén at 0708-83 20 46 or kjellen.tove@adlittle.com
