- [Exjobb -Software developer](#)

Uppsala, Sweden

Business:

GE Healthcare

Business Segment:

Healthcare Life Sciences

Function:

Engineering/Technology

About Us:

GE Healthcare provides transformational medical technologies and services to meet the demand for increased access, enhanced quality and more affordable healthcare around the world. GE works on things that matter - great people and technologies taking on tough challenges. From medical imaging, software & IT, patient monitoring and diagnostics to drug discovery, biopharmaceutical manufacturing technologies and performance improvement solutions, GE Healthcare helps medical professionals deliver great healthcare to their patients.

Role Summary/Purpose:

GE Healthcare in Uppsala are looking for a Software student who is starting their thesis work in the fall 2017. If you are interested in gaining valuable experience for the future of one of the world's largest companies, send your application today! If you have questions regarding the position, please contact Camilla Björk, camilla.bjork@ge.com +46 186120767 Closing Date: 31 May
