

Ångström Visualisation Lab

AUTUMN PROGRAM 2017

UPPSALA
UNIVERSITET

SEPTEMBER 2017

September 21 at 3.00 PM–5.00 PM

GIS workshop

Learn more about GIS.

September 25 at 2.00 PM–3.00 PM

Open Lab Ångström

Welcome to the Open Lab, an Open House for Ångström Visualisation Lab

September 28 at 4.00 PM–6.00 PM

Getting creative with Algodoo

Algodoo is a 2D physics sandbox, which allows users to construct, deconstruct and mess around with virtual objects in a two-dimensional world governed by Newtonian mechanics.

OCTOBER 2017

October 10 at 2.00 PM–3.00 PM

Excel as a tool in scientific studies

This workshop is for you who wish to learn more about the functions of Excel.

October 12 at 3.00 PM–5.00 PM

GIS workshop

Learn more about GIS.

October 17 at 2.00 PM–3.00 PM

Open Lab Ångström

Welcome to the Open Lab, an Open House for Ångström Visualisation Lab

October 18 at 2.00 PM–5.00 PM

TouchCast – shoot, edit & share

TouchCast is a video program for Ipad and Iphone that enables you to shoot, edit and share films and videos. Use the program with green screen, insert power point presentations, maps or webpages and create interactive presentations.

At the workshop we will go over the basics of the program and try out recording with green screen and editing in the program."

October 24 at 2.00 PM–3.00 PM

Open Lab Ångström

Welcome to the Open Lab, an Open House for Ångström Visualisation Lab

October 26 at 2.00 PM–5.00 PM

Python – introduction and workshop

Python is a programming language largely used in science and technology. It is easy readable, relatively easy to learn and builds on a large community of users.

NOVEMBER 2017

November 9 at 2.00 PM–5.00 PM

Introduction and workshop Python

See October 26.

November 14 at 2.00 PM–3.00 PM

Open Lab Ångström

Welcome to the Open Lab, an Open House for Ångström Visualisation Lab

November 16 at 2.00 PM–3.00 PM

Excel as a tool in scientific studies

This workshop is for you who wish to learn more about the functions of Excel.

November 21 at 2.00 PM–5.00 PM

TouchCast – shoot, edit & share

See October 18.

November 30 at 5.00 PM – 7.00 PM

Experience space together with Astronomiska Föreningen

Would you like to experience space in VR? Of course!
On Thursday November 30 at 5.00 PM it is possible to try this at Ångström Visualisation Lab at Ångström Library together with Astronomiska Föreningen.
