

UPPSALA  
UNIVERSITET

Our spring 2018 introductory course on Pharmaceutical Bioinformatics (7.5 ECTS credits; start January 15, 2018) given by Uppsala University is now open for late application.

The course, which is free of charge for EU/EAA-citizens, is suited for researchers who are interested to learn how complex chemical and biomedical processes can be investigated even down to their finest chemical details using informatics, and how this can be used for the development of novel drugs.

To pre-register and receive further information please sign up [www.pharmbio.org](http://www.pharmbio.org) .

On request of many previous participants we now also offer two additional courses:

- I. Applied Structural Pharmaceutical Bioinformatics (5 ECTS credits; start January 15, 2018)
- II. Applied Pharmaceutical Bioinformatics (5 ECTS credits; start April 9, 2018)

More information is available at [www.pharmbio.org/pages/other\\_courses](http://www.pharmbio.org/pages/other_courses) .

To finally apply to the courses, please follow this link:

[https://www.universityadmissions.se/intl/search?period=VT\\_2018&freeText=Pharmaceutical+bioinformatics&semesterPart=0](https://www.universityadmissions.se/intl/search?period=VT_2018&freeText=Pharmaceutical+bioinformatics&semesterPart=0)

I would be pleased if you could forward this message among your students, as we have difficulties to reach out to these.

If you have any questions regarding the courses I am at your disposal.

At last, please register as early as possible in order for the universityadmissions to have time to handle your application!

All my best regards

Jarl Wikberg, MD, PhD <jarl.wikberg@farmbio.uu.se>  
Professor of Pharmaceutical Biosciences  
Head of Pharmaceutical Bioinformatics  
Uppsala University
