INNOVATION GAME

SUMMER SCHOOL IN GOTLAND 2018

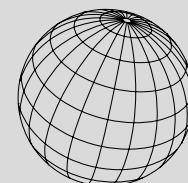

Apply serious game design in
health care and education

Do you want to know about:

- innovative processes as tools to solve need-based problems?
- serious games to enhance learning and promote health?
- how *you* and *your* knowledge can contribute to solutions to challenges for health and health care?

boundless knowledge

Summer School 2018: Innovation Game (UU-43601)

Open to students with a bachelor degree and will take place during two weeks in mid August at Campus Gotland, Sweden.

Take part in lectures, seminars and interdisciplinary exercises addressing real challenges and using game design.

Deadline for application is March 15, 2017
