

UPPSALA
UNIVERSITET

As you may know, UU has done webinars for the last few years, where students can watch an online presentation about UU and ask questions.

This year, we have decided to try a few country specific webinars, in addition to the general webinars we do.

For these webinars, we're looking for current programme students at UU from the countries mentioned below. The students should be outgoing, comfortable with presenting live and willing to share their UU experience. The webinars will mainly consist of a Q&A where applicants can ask questions and the student will answer them live.

Below are the dates and times for the webinars, as well as the countries they're targeted at. We're looking for students from these particular countries/regions to be presenters at the respective webinars.

China: 13:00 - 19th of March
India: 15:30 - 20th of March
North America (Mexico, US, Canada): 17:00 - 21st of March
Turkey: 17:00 - 26th of March
Indonesia: 14:00 - 27th of March

The student must be available on the specific date and time for the webinar as these dates are set. We will of course pay them for their time. Preferably, the students should be based in Uppsala as we are planning to host the webinars at our offices here. However, we could potentially do video link from Campus Gotland too.

Please get in touch if you fit the description and would like to participate?

Best wishes,

Lina Solander
