

**Have you moved to the Sweden in the last ten years? Join our focus groups where we look at mobility and *why* people migrate in the EU.**

Maastricht University is one of the partners in the REMINDER project (Role of European Mobility and its Impacts in Narratives, Debates and EU Reforms) (<https://www.reminder-project.eu/>), and we are here in Sweden to carry out focus-group discussions to help us investigate the large variety of reasons why people migrate.

At this stage of the project, we are seeking to provide an in-depth understanding of *why* people migrate in the EU. Additionally, we look at the nature and impacts of migration within the EU, as well as the processes through which political narratives and public opinion about these impacts are formed. We are hosting a few focus groups in Uppsala between the 15<sup>th</sup> and 18<sup>th</sup> October (next week) to explore these topics in group discussions and would be very grateful to have the opportunity to reflect your experiences in the study. Focus groups will be held in a central Uppsala location and will take about an hour to complete. To see dates/times and sign-up for a focus group please see

Anyone who has moved to Sweden in the last 10 years, and were at least 18 years old when they moved is invited to participate.
